

Good reasons.

With a reach of around 1,000,000 readers per issue, GartenFlora is one of the best known garden magazines in Germany.

GartenFlora is mainly read by middle-aged people and Best Ager. The core readership is between 45 and 59 years old.

70 % of them are women, 30 % men.

66% of GartenFlora readers live in their own house or in their own flat.

The readers of GartenFlora love it printed.

Compared to the general population, the majority of our readers want to keep the paper version and are also prepared to pay money for their reading pleasure. And they can afford it. Their net household income of 3,620 Euro is higher than the average.

94% rate their quality of life as very good to good.

The GartenFlora readers have a high willingness to spend on...

GartenFlora

gardening, experiencing and enjoying

GartenFlora is the most traditional German garden magazine at the kiosk and inspires a readership with an above-average net household income (AWA 2022).

Again and again, readers confirm the editorial concept of an entertaining as well as informative magazine that covers topics for the practitioner, but also for the garden enthusiast for whom the garden expresses a special attitude towards life.

ADVERTORIALS

In the interest of clear identification of advertising publications, we ask you to design advertorials in such a way that they can be distinguished from the editorial layout and thus avoid confusion with editorial content.

Design specifications for advertorials

- Advertorials are separated from the editorial section by a line and / or set in colours that are not used in the editorial layout.
- For the running text in advertorials only typefaces should be used which are not used for the editorial layout of the magazine.

- Advertorials are marked with the word „Advertisement“.
- The company logo should be included in the layout.

GartenFlora Online.

Website

In addition to classic banners in various formats, we offer the possibility for booking editorial advertising formats on the GartenFlora website: online advertorials are based on customer texts and images, which on request will be revised and SEO-optimized by us.

Subscribers newsletter

Advertisers have the possibility to place ads of various formats such as banners, teasers or native ads in our monthly subscriber newsletter.

Stand-Alone-Newsletter

For advertisers who want to attract the undivided attention of our newsletter subscribers, we recommend the stand-alone format, which, similar to the online advertorial, is individually designed from customer texts and images.

Detailed information about our online advertising formats and Social-Ads-offers are available on our website:

www.gartenflora.de/mediadaten

Social Ads.

Facebook and Instagram

Social ads on Facebook and Instagram pages of the GartenFlora enable users to be targeted based on geo-, socio-demographic and psychographic characteristics.

A large number of different advertising formats are available with social ads by which advertising messages in the name of GartenFlora are spread among the users of the social networks in a performance-oriented, scalable and measurable manner.

Targeting

The positioning of social ads is based on online data from the GartenFlora, which can be collected through the Facebook or Instagram pages as well as through a pixel integration on our website.

The social ads campaigns can be tailored to individual requirements and thus optimized for KPIs such as TKP / CPM, CPC, CPL or CPO, depending on the campaign goal.

Depending on the objectives of the campaign, we develop together with the customers the optimal advertising format such as single image or carousel ad, video or lead ad.
