GartenFlora

gardening, experiencing and enjoying

GartenFlora is the most traditional German garden magazine at the kiosk and inspires a readership with an above-average net household income.

Again and again, readers confirm the editorial concept of an entertaining as well as informative magazine that covers topics for the practitioner, but also for the garden enthusiast for whom the garden expresses a special attitude towards life.

ADVERTORIALS

In the interest of clear identification of advertising publications, we ask you to design advertorials in such a way that they can be distinguished from the editorial layout and thus avoid confusion with editorial content.

Design specifications for advertorials

- Advertorials are separated from the editorial section by a line and / or set in colours that are not used in the editorial layout.
- For the running text in advertorials only typefaces should be used which are not used for the editorial layout of the magazine.
- Advertorials are marked with the word „Advertisement“.
- The company logo should be included in the layout.

GartenFlora Online.

Website

Addition to classic banners in various formats, we offer the possibility for booking editorial advertising formats on the GartenFlora website: online advertorials are based on customer texts and images, which on request will be revised and SEO-optimized by us.

Subscribers newsletter

Advertisers have the possibility to place ads of various formats such as banners, teasers or native ads in our monthly subscribers newsletter.

Stand-Alone-Newsletter

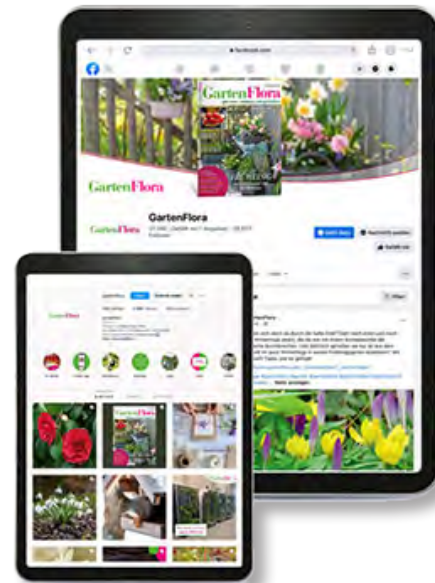

Advertisers who want to attract the undivided attention of our newsletter subscribers, we recommend the stand-alone format, which, similar to the online advertorial, is individually designed from customer texts and images.

Detailed information about our online advertising formats and social-ads-offers are available on our website:
